## REPORT OF THE DEPUTY MINISTER.

The Right Honourable,  
Sir RICHARD J. CARTWRIGHT, G.C.M.G.,  
Minister of Trade and Commerce,  
Ottawa.

SIR,—The accompanying figures of *Foreign Trade* cover the usual information published year by year for the purpose of pointing out trade openings in foreign countries. They show as far as information has come to hand the aggregate trade and details of the principal imports and exports of such countries, thus giving Canadian manufacturers, producers and exporters as well as importers—information as to the resources and requirements of such countries, enabling those wishing to extend their business to judge as to whether and where there are openings for their particular lines, or where if they wish to import they may be able to purchase the goods they require.

As stated in the preliminary report, Part I., the figures speak for themselves and need no special comment.

There are unlimited openings for trade still unexploited by Canadians which with the fast increasing facilities for communication could well be taken advantage of with profit while still retaining grasp on what has already been secured. Energy backed by enterprise and capital could easily add an enormous increase to our trade figures, and it is to be hoped that the voluminous information published from time to time by the Department will assist materially those in position to take advantage of opportunities offering, to extend and increase their foreign trade in proportion to Canadian progress in other ways.

Respectfully submitted,

W. G. PARMELEE,  
*Deputy Minister.*

## SESSIONAL PAPER No. 10a

[illegible]

(a) General imports or total imports.

(b) General exports or total exports.

(c) Includes coin and bullion.

(d) Trade with British Possessions in America.

## COINAGE, WEIGHTS AND MEASURES

To assist in arriving at a comprehensive understanding of the value of foreign currencies, weights and measures (as expressed in foreign trade returns, tariffs, &c.,) as compared with those of Canada, tables have been prepared as follows:—

As regards those of Canada, the law provides that the denominations of money in the currency of Canada shall be dollars, cents and mills, the cent being the one hundredth part of a dollar, and the mill one-tenth part of a cent.

That—The currency of Canada shall be such that the British sovereign (the pound sterling) of legal weight and fineness, shall be equal to four dollars eighty-six cents and two-thirds of a cent.

In like manner the law provides as respects weights, that the unit shall be the standard pound (avoirdupois) of 7,000 grains, one-sixteenth part of the standard pound shall be an ounce ( $437\frac{1}{2}$  grains) one hundred pounds a cental, and two thousand pounds a ton, and that four hundred and eighty grains shall be an ounce troy, or 5,760 grains a pound troy.

As regards measures—that the unit or standard measure of capacity, as well for liquids as for dry measures, shall be the gallon containing ten standard pounds weight of distilled water weighed with the water and air at a temperature of sixty-two degrees Fahrenheit, with the barometer at thirty inches, that the quart shall be one-fourth part of the gallon, and the pint one-eighth part of the gallon, and that eight gallons shall be a bushel.

This gallon commonly known as the 'Imperial Gallon,' contains 277.274 cubic inches, or 353.036 cylindrical inches.

The standard measure of length is the yard, one-third part of which it is provided shall be a foot, and the twelfth part of such foot shall be an inch.

In many countries the Metric system of weights and measures has been adopted. A separate table of Canadian equivalents of these is given in order to avoid repetition, the word 'Metric' being used in the general table in each case where the system is in vogue, as indicating a reference to that table.

The equivalent value of the monetary unit can only be given as respects those countries having a gold standard. Where silver is the standard, the value of the currency necessarily fluctuates correspondingly to the market value of silver bullion, and were any attempt made to quote the value of such currency it would, under present circumstances, be misleading, therefore, the weight in decimal parts of an ounce with the fineness of the coin is given instead, which will enable any one to approximate the value of the currency according to the current value of fine bar silver. As an example, say fine bar silver at 75 cents an ounce, the Bolivian dollar weighs .801 of an ounce, its fineness is .900, therefore  $75 \times .801 = 60.075$  which  $\times .900 = 54.0675$ , or a small fraction over 54 cents, and the actual intrinsic value of the pure silver contained in the coin, to which should be added a reasonable allowance to cover the value of the alloy, the cost of the coinage, and in some instances exchange, the aggregate of which would be approximately the current value in Canadian currency of the dollar in question.

Unless carefully noted, the quotations as usually given of the current value per ounce of silver may be misconstrued and lead to misapprehensions, as it is sometimes quoted per ounce *fine*, and sometimes per ounce *standard*; thus for instance on a certain day the London quotation reads 'fine silver per ounce standard 32 d.,' while on the same day it is quoted in New York ' $69\frac{1}{2}$  cents per ounce fine;' as 32 d. is equal to a fraction over  $64\frac{7}{8}$  cents, there would appear a difference of about  $4\frac{5}{8}$  cents per ounce between the two prices, the New York price appearing that much in excess of the other, were it not noticed that one is based upon *standard* fineness and the other upon absolute fineness, but by reducing the New York "fine" to London "standard" (of .925 fine, or 444 grains fine to the ounce) the actual difference between the two quotations is found to be only about  $\frac{5}{8}$  of one cent per ounce, the London price being that much in excess of the New York.

SESSIONAL PAPER No. 10a

To reduce the value of *standard* or sterling silver when expressed in pence to *fine* expressed in cents, multiply the pence and decimal parts thereof by 2·192.  
To find the *standard* or sterling value expressed in pence and decimal parts thereof when *fine* is expressed in cents multiply the cents by 0·4562.

\* Old weights and measures sometimes used. ‡ The values in Chinese Imperial Customs Returns are always given in Haikwan taels, which are relatively in value equal to about 1.113 Shanghai taels. The tael is in reality not a standard of value (there is no such coin), but of weight, and when used in the sense of a value it only represents its weight in gold or silver, as the case may be, the real difficulty is to establish its exact equivalent in grains. Authorities differ greatly, as also does the practice in different sections of China. The Chinese are far from being inexact, and the probability is that there exists a standard, and a further probability that it is equal to 10 Japanese mommes, or 579.72 grains, which figures have been used in computing the value as above. It will be observed, however, that these figures fall short about 3.61 grains from the weight usual (say 1<sup>1</sup>/<sub>3</sub> oz. per tael) in dealing with the weights other than those of gold and silver. § Usually reckoned same as Chinese Picul of 133<sup>1</sup>/<sub>3</sub> lbs. ¶ This is long measure. Therefore by cloth measure 1 sun=1.4916 in. 1 shaku = 14.916 in. and 1 jo = 149.6 in.

(a) The returns of the Exports to Norway in the years 1898-1901 are incomplete, owing to the abrogation in 1898 of the special law (Mellanriholagen) regulating the trade between Sweden and Norway. In 1902, however, complete returns of rail borne Exports to Norway have been obtained.

# TREATIES AND CONVENTIONS.

## CONVENTION BETWEEN GREAT BRITAIN AND JAPAN.

A convention was signed January 31, 1906, and ratified July 12, 1906, between Great Britain and Japan having for its object the application to Canada of the provisions of the treaty between the two countries signed on July 16, 1894, and of the supplementary convention of July 16, 1895. Canada is therefore from July 12, 1906, entitled to the benefit of the Japanese Conventional Tariff, and it follows that whatever may be the general tariff of Japan, the duties on the articles named in the treaties cannot be altered during their continuance, that is to say, not before July, 1911.

The text of the convention and of the treaty and supplementary convention therein referred to is as follows:—

*(Signed also in Japanese Text.)*

His Majesty the King of the United Kingdom of Great Britain and Ireland, and of the British dominions beyond the seas, Emperor of India, and His Majesty the Emperor of Japan, being equally desirous of facilitating the commercial relations between Japan and Canada, have resolved to conclude a convention to that effect, and have named as their respective plenipotentiaries:

His Majesty the King of the United Kingdom of Great Britain and Ireland, and of the British dominions beyond the seas, Emperor of India, Sir Claude Maxwell MacDonald, Knight Grand Cross of the Most Distinguished Order of St. Michael and St. George, Knight Commander of the Most Honourable Order of the Bath, His Britannic Majesty's ambassador to Japan; and

His Majesty the Emperor of Japan, Takaaki Kato, Shoshii, First Class of the Imperial Order of the Sacred Treasure, His Imperial Majesty's Minister of State for Foreign Affairs;

Who, having reciprocally communicated their full powers, found in good and due form, have agreed as follows:—

### ARTICLE I.

The two high contracting parties agree that the stipulations of the Treaty of Commerce and Navigation between Great Britain and Japan, signed at London, on July 16, 1894 (corresponding to the 16th day of the 7th month of the 27th year of Meiji), and of the supplementary convention between Great Britain and Japan, signed at Tokio, on July 16, 1895 (corresponding to the 16th day of the 7th month of the 28th year of Meiji), shall be applied to the intercourse, commerce and navigation between the Empire of Japan and the British Dominion of Canada.

### ARTICLE II.

The present convention shall be ratified, and the ratifications thereof shall be exchanged at Tokio as soon as possible. It shall come into effect immediately after the exchange of ratifications, and shall remain in force until the expiration of six months from the day on which one of the high contracting parties shall have announced the intention of terminating it.

In witness whereof the above named plenipotentiaries have signed the present convention and have affixed thereto their seals.

Done in duplicate at Tokio, in the Japanese and English languages, this 31st day of January, of year one thousand nine hundred and six, corresponding to the 31st day of the 1st month of the 39th year of Meiji.

TREATY OF COMMERCE AND NAVIGATION BETWEEN GREAT BRITAIN  
AND JAPAN.

SIGNED AT LONDON, JULY 16, 1894.

*(Ratifications exchanged at Tokio, August 25, 1894.)*

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, and His Majesty the Emperor of Japan, being equally desirous of maintaining the relations of good understanding which happily exist between them by extending and increasing the intercourse between their respective States, and being convinced that this object cannot better be accomplished than by revising the treaties hereto existing between the two countries, have resolved to complete such a revision, based upon principles of equity and mutual benefit, and for that purpose have named as their plenipotentiaries, that is to say.

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, the Right Honourable John, Earl of Kimberley, Knight of the Most Noble Order of the Garter, &c., &c., Her Britannic Majesty's Secretary of State for Foreign Affairs;

And His Majesty the Emperor of Japan, Viscount Ooki Siuzo, Junii, first class of the Imperial Order of the Sacred Treasure, His Majesty's Envoy Extraordinary and Minister Plenipotentiary at the Court of St. James;

Who, after having communicated to each other their Full Powers, found to be in good and due form, have agreed upon and concluded the following articles:—

## ARTICLE I.

The subjects of each of the two high contracting parties shall have full liberty to enter, travel or reside in any part of the Dominions and possessions of the other contracting party, and shall enjoy full and perfect protection for their persons and property.

They shall have free and easy access to the courts of justice in pursuit and defence of their rights; they shall be at liberty equally with native subjects to choose and employ lawyers, advocates and representatives to pursue and defend their rights before such courts, and in all other matters connected with the administration of justice they shall enjoy all the rights and privileges enjoyed by native subjects.

In whatever relates to right of residence and travel; to the possession of goods and effects of any kind; to the succession to personal estate, by will or otherwise, and the disposal of property of any sort, in any manner whatsoever which they may lawfully acquire, the subjects of each contracting party shall enjoy in the dominions and possessions of the other the same privileges, liberties and rights, and shall be subject to no higher imports or charges in these respects than native subjects, or subjects or citizens of the most favoured nation. The subjects of each of the contracting parties shall enjoy in the dominions and possessions of the other entire liberty of conscience, and subject to the laws, ordinances and regulations, shall enjoy the right of private or public exercise of their worship, and also the right of burying their respective countrymen according to their religious customs, in such suitable and convenient places as may be established and maintained for that purpose.

They shall not be compelled, under any pretext whatsoever, to pay any charges or taxes other or higher than those that are, or may be, paid by native subjects, or subjects or citizens of the most favoured nation.

## ARTICLE II.

The subjects of either of the contracting parties residing in the dominions and possessions of the other shall be exempted from all compulsory military service whatsoever, whether in the army, navy, national guard or militia; from all contributions imposed in lieu of personal service; and from all forced loans or military exactions or contributions.

SESSIONAL PAPER No. 10a

## ARTICLE III.

There shall be reciprocal freedom of commerce and navigation between the dominions and possessions of the two high contracting parties.

The subjects of each of the high contracting parties may trade in any part of the dominions and possessions of the other by wholesale or retail in all kinds of produce, manufactures and merchandise of lawful commerce, either by person or by agents, singly or in partnerships with foreigners or native subjects; and they may there own or hire and occupy the houses, manufactories, warehouses, shops and premises which may be necessary for them, and lease land for residential and commercial purposes, conforming themselves to the laws, police and customs regulations of the country like native subjects.

They shall have liberty freely to come with their ships and cargoes to all places, ports and rivers in the dominions and possessions of the other which are or may be opened to foreign commerce, and shall enjoy, respectively, the same treatment in matters of commerce and navigation as native subjects, or subjects or citizens of the most favoured nation, without having to pay taxes, imposts or duties of whatever nature or under what denomination, levied in the name or for the profit of the government, public functionaries, private individuals, corporations or establishments of any kind, other or greater than those paid by native subject or subjects or citizens of the most favoured nation, subject always to the laws, ordinances and regulations of each country.

## ARTICLE IV.

The dwellings, manufactories, warehouses and shops of the subjects of each of the high contracting parties in the dominions and possessions of the other, and all premises appertaining thereto destined for purposes of residence or commerce, shall be respected.

It shall not be allowable to proceed to make a search of, or a domiciliary visit to such dwellings and premises, or to examine or inspect books, papers or accounts, except under the conditions and with the forms prescribed by the laws, ordinances and regulations for subjects of the country.

## ARTICLE V.

No other or higher duties shall be imposed on the importation into the dominions and possessions of Her Britannic Majesty of any article, the produce or manufacture of the dominions and possessions of His Majesty the Emperor of Japan, from whatever place arriving; and no other or higher duties shall be imposed on the importation into the dominions and possessions of His Majesty the Emperor of Japan of any article, the produce or manufacture of the dominions and possessions of Her Britannic Majesty from whatever place arriving, than on the like article produced or manufactured in any other foreign country; nor shall any prohibitions be maintained or imposed on the importation of any article, the produce or manufacture of the dominions and possessions of either of the high contracting parties, into the dominions and possessions of the other, of whatever place arriving, which shall not equally extend to the importation of the like article, being the produce or manufacture of any other country. This last provision is not applicable to the sanitary and other prohibitions occasioned by the necessity of protecting the safety of persons, or of cattle, or of plants useful to agriculture.

## ARTICLE VI.

No other or higher duties or charges shall be imposed in the dominions and possessions of either of the high contracting parties on the exportation of any article to the dominions and possessions of the other than such as are, or may be payable on the exportation of the like article to any other foreign country; nor shall any prohibition be imposed on the exportation of any article from the dominions and possessions of either of the two contracting parties

to the dominions and possessions of the other which shall not equally extend to the exportation of the like article to any other country.

#### ARTICLE VII.

The subjects of each of the high contracting parties shall enjoy in the dominions and possessions of the other exemption from all transit duties, and a perfect equality of treatment with native subjects in all that relates to warehousing, bounties, facilities and drawbacks.

#### ARTICLE VIII.

All articles which are or may be legally imported into the ports of the dominions and possessions of His Majesty the Emperor of Japan in Japanese vessels may likewise be imported into those ports in British vessels, without being liable to any other or higher duties or charges of whatever denomination than if such articles were imported in Japanese vessels; and reciprocally, all articles which are or may be legally imported into the ports of the dominions and possessions of Her Britannic Majesty in British vessels may likewise be imported into these ports in Japanese vessels, without being liable to any other or higher duties or charges of whatever denomination than if such articles were imported in British vessels. Such reciprocal equality of treatment shall take effect without distinction, whether such articles come directly from the place of origin or from any other place.

In the same manner there shall be perfect equality of treatment in regard to exportation, so that the same export duties shall be paid and the same bounties and drawbacks allowed in the dominions and possessions of either of the high contracting parties on the exportation of any article which is or may be legally exported therefrom, whether such exportation shall take place in Japanese or in British vessels, and whatever may be the place of destination, whether a port of either of the contracting parties or of any third power.

#### ARTICLE IX.

No duties of tonnage, harbour, pilotage, lighthouse, quarantine, or other similar or corresponding duties of whatever nature or under whatever denomination, levied in the name or for the profit of the government, public functionaries, private individuals, corporations or establishment of any kind, shall be imposed in the ports of the dominions and possessions of either country upon the vessels of the other country which shall not equally and under the same conditions be imposed in the like cases on national vessels in general or in vessels of the most favoured nation, such equality of treatment shall apply reciprocally to the respective vessels, from whatever port or place they may arrive, and whatever may be their place of destination.

#### ARTICLE X.

In all that regards the stationing, loading and unloading of vessels in the ports, basins, docks, roadsteads, harbours or rivers of the dominions and possessions of the two countries, no privilege shall be granted to national vessels which shall not be equally granted to vessels of the other country; the intention of the high contracting parties being that in this respect also the respective vessels shall be treated on the footing of perfect equality.

#### ARTICLE XI.

The coasting trade of both of the high contracting parties is excepted from the provisions of the present treaty, and shall be regulated according to the laws, ordinances and regulations of Japan and of Great Britain respectively. It is, however, understood that Japanese subjects in the dominions and possessions of Her Britannic Majesty and British subjects in the dominions and possessions of His Majesty the Emperor of Japan, shall

## SESSIONAL PAPER No. 10a

enjoy in this respect the rights which are or may be granted under such laws, ordinances and regulations to the subjects or citizens of any other country.

A Japanese vessel laden in a foreign country with cargo destined for two or more ports in the dominions and possessions of Her Britannic Majesty, and a British vessel laden in a foreign country with cargo destined for two or more ports in the dominions and possessions of His Majesty the Emperor of Japan, may discharge a portion of her cargo at one port, and continue her voyage to the other port or ports of destination where foreign trade is permitted, for the purpose of landing the remainder of her original cargo there, subject always to the laws and custom-house regulations of the two countries.

The Japanese Government, however, agrees to allow British vessels to continue as, heretofore, for the period of the duration of the present treaty, to carry cargo between the existing open ports of the Empire, excepting to or from the ports of Osaka, Niigata and Ebisu-minato.

## ARTICLE XII.

Any ship of war or merchant vessel of either of the high contracting parties which may be compelled by stress of weather, or by reason of any other distress, to take shelter in the port of the other, shall be at liberty to refit therein, to procure all necessary supplies, and to put to sea again without paying any dues other than such as would be payable by national vessels. In case, however, the master of a merchant vessel should be under the necessity of disposing of a part of his cargo in order to defray the expenses, he shall be bound to conform to the regulations and tariffs of the place to which he may have come.

If any ship of war or merchant vessel of one of the contracting parties should run aground or be wrecked upon the coasts of the other, the local authorities shall inform the consul general, consul, vice-consul, or consular agent of the district of the occurrence, or if there be no such consular officer, they shall inform the consular-general, consul, vice-consul, or consular agent of the nearest district.

All proceedings relative to the salvage of Japanese vessels wrecked or cast on shore in the territorial waters of Her Britannic Majesty shall take place in accordance with the laws, ordinances and regulations of Great Britain, and reciprocally, all measures of salvage relative to British vessels wrecked or cast on shore in the territorial waters of His Majesty the Emperor of Japan shall take place in accordance with the laws, ordinances and regulations of Japan.

Such stranded or wrecked ship or vessel, and all parts thereof, and all furnitures and appurtenances belonging thereunto, and all goods and merchandise saved therefrom, including those which may have been cast into the sea, or the proceeds thereof, if sold, as well as all papers found on board such stranded or wrecked ship or vessel, shall be given up to the owners or their agents, when claimed by them. If such owners or agents are not on the spot, the same shall be delivered to the respective consul-general, consuls, vice-consuls, or consular-agents upon being claimed by them within the period fixed by the laws of the country, and such consular officers, owners, or agents shall pay only the expenses incurred in the preservation of the property, together with the salvage or other expenses which would have been payable in the case of a wreck of a national vessel.

The goods and merchandise saved from the wreck shall be exempt from all the duties of the customs unless cleared for consumption, in which case they shall pay the ordinary duties.

When a ship or vessel belonging to the subjects of one of the contracting parties is stranded or wrecked in the territories of the other, the respective consuls-general, consuls, vice-consuls, and consular agents shall be authorized, in case the owner or master or other agent of the owner, is not present, to lend their official assistance in order to afford the necessary assistance to the subjects of the respective States. The same rule shall apply in case the owner, master, or other agent is present, but requires such assistance to be given.

6-7 EDWARD VII., A. 1907

## ARTICLE XIII.

All vessels which, according to Japanese law, are to be deemed Japanese vessels, and all vessels which, according to British law, are to be deemed British vessels, shall, for the purposes of this treaty, be deemed Japanese and British vessels respectively.

## ARTICLE XIV.

The consuls-general, consuls, vice-consuls, and consular agents of each of the contracting parties, residing in the dominions and possessions of the other, shall receive from the local authorities such assistance as can by law be given to them for the recovery of deserters from the vessels of their respective countries.

It is understood that this stipulation shall not apply to the subjects of the country where the desertion takes place.

## ARTICLE XV.

The high contracting parties agree that, in all that concerns commerce and navigation, any privilege, favour, or immunity which either contracting party has actually granted, or may hereafter grant to the government, ships, subjects or citizens of any other State, shall be extended immediately and unconditionally to the government, ships, subjects, or citizens of the other contracting party, it being their intention that the trade and navigation of each country shall be placed, in all respects, by the other on the footing of the most favoured nation.

## ARTICLE XVI.

Each of the high contracting parties may appoint consuls-generals, consuls, vice-consuls, pro-consuls, and consular agents in all the ports, cities and places of the other, except in those where it may not be convenient to recognize such officers.

This exception, however, shall not be made in regard to one of the contracting parties without being made likewise in regard to every other power.

The consuls-generals, consuls, vice-consuls, pro-consuls, and consular agents may exercise all functions, and shall enjoy all privileges, exemptions and immunities which are, or may hereafter be, granted to consular officers of the most favoured nation.

## ARTICLE XVII.

## ARTICLE XVIII.

Her Britannic Majesty's Government, so far as they are concerned, give their consent to the following arrangement:—

The competent Japanese authorities shall thereupon assume all municipal obligations and duties in respect thereof, and the common funds and property, if any, belonging to such settlements, shall at the same time be transferred to the said Japanese authorities.

When such incorporation takes place the existing leases in perpetuity under which property is now held in the said settlements shall be confirmed, and no condition whatsoever other than those contained in such existing leases shall be imposed in respect of such property. It is, however, understood that the consular authorities mentioned in the same are in all cases to be replaced by the Japanese authorities.

## SESSIONAL PAPER No. 10a

## ARTICLE XX.

The present treaty shall, from the date it comes into force, be substituted in place of the conventions respectively of the 23rd day of the 8th month of the 7th year of Kayei, corresponding to the 14th day of October, 1854, and of the 13th day of the 5th month of the 2nd year of Keiou, corresponding to the 25th day of June, 1866, the treaty of the 18th day of the 7th month of the 5th year of Ansei, corresponding to the 26th day of August, 1858, and all arrangements and agreements subsidiary thereto concluded and existing between the high contracting parties; and from the same date such convention, treaty arrangements and agreements shall cease to be binding, and, in consequence, the jurisdiction then exercised by British courts in Japan, and all the exceptional privileges, exemptions and immunities then enjoyed by British subjects as a part of or appurtenant to such jurisdiction, shall absolutely and without notice cease and determine, and thereafter all such jurisdiction shall be assumed and exercised by Japanese courts.

## ARTICLE XXI.

The present treaty shall not take effect until at least five years after its signature. It shall come into force one year after His Imperial Japanese Majesty's Government shall have given notice to Her Britannic Majesty's Government of its wish to have the same brought into operation. Such notice may be given at any time after the expiration of four years from the date hereof. The treaty shall remain in force for the period of twelve years from the date it goes into operation.

## PROTOCOL SIGNED AT LONDON, JULY 16th, 1894.

The Government of Her Majesty the Queen of Great Britain and Ireland and Empress of India, and the Government of His Majesty the Emperor of Japan, deeming it advisable in the interests of both countries to regulate certain special matters of mutual concern, apart from the Treaty of Commerce and Navigation signed this day, have, through their respective plenipotentiaries, agreed upon the following stipulations:--

1. It is agreed by the contracting parties that one month after the exchange of the ratifications of the Treaty of Commerce and Navigation signed this day, the import tariff hereunto annexed shall, subject to the provisions of Article XXIII of the Treaty of 1858, at present subsisting between the contracting parties, as long as the said treaty remains in force and thereafter, subject to the provisions of Articles V and XV of the treaty signed this day, be applicable to the articles therein enumerated, being the growth, produce or manufacture of the dominions and possessions of Her Britannic Majesty, upon importation into Japan. But nothing contained in this Protocol or the tariff hereunto annexed, shall be held to limit or qualify the right of the Japanese Government to restrict or prohibit the importation of adulterated drugs, medicines, food or beverages, indecent or obscene prints, paintings, books, cards, lithographic or other engravings, photographs, or other indecent or obscene articles; articles in violation of patent, trade-mark, or copyright laws of Japan; or any other article which, for sanitary reasons, or in view of public security or morals, might offer any danger.

The ad valorem duties established by the said tariff shall, so far as may be deemed practicable, be converted into specific duties by a supplementary convention, which shall be concluded between the two governments within six months from the date of this Protocol; the medium prices, as shown by the Japanese Customs Returns during the six calendar months preceding the date of the present Protocol, with the addition of the cost of insurance and transportation from the place of purchase, production or fabrication, to the port of discharge, as well as commission, if any, shall be taken as the basis of such conversation. In the event of the Supplementary Convention not having come into force before the expiration of the period fixed for the said tariff to take effect, ad valorem duties, in conformity with the rule recited at the end of the said tariff shall, in the meantime, be levied.

In respect of articles not enumerated in the said tariff, the General Statutory Tariff of Japan for the time being in force shall, from the same time, apply, subject, as aforesaid, to the provisions of Article XXIII of the Treaty of 1858, and Articles V and XV of the treaty signed this day respectively.

From the date the tariffs aforesaid take effect, the import tariff now in operation in Japan in respect of goods and merchandise imported into Japan by British subjects shall cease to be binding.

In all other respects the stipulations of the existing Treaties and Conventions shall be maintained unconditionally until the time when the Treaty of Commerce and Navigation signed this day comes into force.

2. The Japanese Government, pending the opening of the country to British subjects, agrees to extend the existing passport system in such a manner as to allow British subjects, on the production of a certificate of recommendation from the British Representative in Tokio, or from any of Her Majesty's consuls at the open ports in Japan, to obtain upon application passports available for any part of the country, and for any period not exceeding twelve months, from the Imperial Japanese Foreign Office in Tokio, or from the chief authorities in the Prefecture in which an open port is situated; it being understood that the existing Rules and Regulations governing British subjects who visit the interior of the Empire are to be maintained.

3. The Japanese Government undertakes, before the cessation of British Consular jurisdiction in Japan, to join the International Conventions for the Protection of Industrial Property and Copyright.

SESSIONAL PAPER No. 10a

4. It is understood between the two high contracting parties that, if Japan think it necessary at any time to levy an additional duty on the production or manufacture of refined sugar in Japan, an increased customs duty equivalent in amount may be levied on British refined sugar when imported into Japan, so long as such additional excise tax or inland duty continues to be raised.

Provided always that British refined sugar shall in this respect be entitled to the treatment accorded to refined sugar being the produce or manufacture of the most favoured nation.

5. The undersigned Plenipotentiaries have agreed that this Protocol shall be submitted to the two high contracting parties at the same time as the Treaty of Commerce and Navigation signed this day, and that when the said treaty is ratified the agreements contained in the Protocol shall also equally be considered as approved, without the necessity of a further formal ratification.

It is also agreed that this Protocol shall terminate at the same time the said Treaty ceases to be binding.

In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

Done at London, in duplicate, this sixteenth day of July, in the year of our Lord one thousand eight hundred and ninety-four.

[L.S.] AOKI.

NOTE.—The tariff annexed to the foregoing is not herein reproduced, it having been superseded by that annexed to the following supplementary convention.

## EXCHANGE OF NOTES.

*The Earl of Kimberley to Viscount Aoki.*

FOREIGN OFFICE, 16th July, 1894.

SIR,—With reference to Article XIX, of the treaty between Great Britain and Japan signed this day, in view of the fact that some of the British Colonies and foreign possessions enumerated in that Article might be prevented from acceding to the present treaty by reason of their inability to accept the stipulations relating to military service contained in Article II. of the said treaty, and in order to avoid further misunderstanding, Her Majesty's government request from the government of Japan an assurance that any of the said British colonies and possessions may accede to the present treaty under the condition that, notwithstanding such accession they shall not be bound by the stipulations of Article II.

I have, &c.,

SUPPLEMENTARY CONVENTION BETWEEN GREAT BRITAIN AND JAPAN  
RESPECTING THE DUTIES TO BE CHARGED ON BRITISH  
GOODS IMPORTED INTO JAPAN. SIGNED  
AT TOKIO, JULY 16, 1895.

(*Ratifications exchanged at Tokio, November 21, 1895.*)

WHEREAS, by the Protocol signed at London, on the 16th day of July, 1894, it was agreed between the Government of Her Britannic Majesty and the Government of His Majesty the Emperor of Japan that the *ad valorem* duties of the tariff annexed to the aforesaid Protocol should, so far as might be deemed practicable, be converted into specific duties by means of a supplementary convention, to be concluded between the two governments within six months from the date of the Protocol, and;

Whereas this period was extended by subsequent arrangement:

The high contracting parties have appointed as the plenipotentiaries to conclude a convention for this purpose, that is to say: Her Britannic Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, Gerard Augustus Lowther, Her Britannic Majesty's Chargé d'Affaires;

And His Majesty the Emperor of Japan, Marquis Satonzi Kimmochi, Junii, first-class of the Order of the Sacred Treasure, His Imperial Majesty's Minister of State for Education, and Acting Minister of State for Foreign Affairs;

Who have communicated to each other their respective full powers found in due and good form, have agreed upon and concluded the following articles:—

1. The tariff annexed to this convention shall be substituted for the *ad valorem* tariff annexed to the aforesaid Protocol of the 16th of July, 1894; it shall be subject to all the stipulations contained in article 1 of that Protocol, in so far as these are applicable, and it shall come into force one month after the exchange of the ratifications of this convention.

2. The specific duties established by this convention shall be subject to triennial readjustment. Such readjustment shall be based on the difference between the average of the two quarterly rates of exchange adjusted by the Japanese Customs during the six months ending June 30, 1894, and the average of the rates of exchange adopted by the Japanese Customs for the four quarters preceding that in which each successive period of three years expires.

The schedule of readjusted duties shall be published by the Japanese government three months in advance, and shall take effect immediately upon the expiration of the said period.

## SESSIONAL PAPER No. 10a

It is understood between the high contracting parties that the operation of this stipulation shall be subject to the acceptance of a similar arrangement by the other powers with whom conventional tariffs are now being negotiated by Japan.

3. The quarterly rates of exchange mentioned in the preceding article are the rates determining the comparative values, as entered in the quarterly tables published by the Japanese Department of Finance, of the present Japanese silver yen on the one hand, and of the English pound sterling on the other.

4. The present convention shall have the same duration as the treaty and Protocol concluded on the 16th of July, 1894, of which is it a complement.

5. The present convention shall be ratified, and the ratifications shall be exchanged at Tokio as soon as possible, and not later than six months from the present date.

Done at Tokio, in duplicate, this 16th day of July, 1895.

## CONVENTION BETWEEN GREAT BRITAIN AND THE REPUBLIC OF NICARAGUA.

SIGNED AT MANAGUA, JULY 28, 1905.

*(Ratifications exchanged at London, August 24, 1906.)*

Treaty of Friendship, Commerce and Navigation between Great Britain and the Republic of Nicaragua.

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India; and His Excellency the President of Nicaragua; being desirous to extend and facilitate the relations of commerce already existing between the two countries, have determined to conclude a new treaty with this object, and have appointed as their Plenipotentiaries, that is to say:—

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, Herbert William Broadley Harrison, Esquire, Companion of the Most Distinguished Order of St. Michael and St. George, His Majesty's Chargé d'Affaires in the Republic of Nicaragua; and His Excellency the President of the Republic of Nicaragua; Doctor Adolfo Altamirano, Minister of Foreign Affairs; Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon the following Articles:—

## ARTICLE I.

There shall be between the dominions and possessions of the two high contracting parties reciprocal freedom of commerce and navigation. The subjects or citizens of each of the two parties shall have liberty freely to come, with their ships and cargoes, to all places, ports and rivers in the dominions and possessions of the other to which native subjects or citizens generally are or may be permitted to come and shall enjoy, respectively, the same rights, privileges, liberties, favours, immunities and exemptions in matters of commerce and navigation as are or may be enjoyed by native subjects or citizens generally, without having to pay any tax or impost greater than those paid by the same, and they shall be subject to the laws and regulations in force.

This stipulation shall not, however, apply to the coasting trade, in respect of which the subjects or citizens of the two parties shall enjoy the treatment of the most favoured nation.

## ARTICLE II.

The free port privileges at the Port of San Juan del Norte shall be abolished, but the port shall remain open to trade, the facilities for shipping shall be maintained and improved and sufficient bonded warehouses shall be provided.

As regards all the dues, taxes and regulations affecting foreign trade and shipping and the system of municipal taxation, the port shall be on the same footing as the other ports of the Republic.

## ARTICLE III.

No other or higher duties or charges shall be imposed on the importation into the dominions and possessions of His Britannic Majesty of any article the produce or manufacture of the Republic of Nicaragua, from whatever place arriving, and no other or higher

6-7 EDWARD VII., A. 1907

duties or charges shall be imposed on the importation into Nicaragua of any article the produce or manufacture of His Britannic Majesty's dominions and possessions, from whatever place arriving than on the like articles produced or manufactured in any other foreign country; nor shall any prohibition or restriction be maintained or imposed on the importation of any article the produce or manufacture of the dominions and possessions of either of the high contracting parties into the dominions and possessions of the other, from whatever place arriving, which shall not equally extend to the importation of the like articles being the produce or manufacture of any other foreign country.

This last provision is not applicable to the sanitary and other prohibitions occasioned by the necessity of securing the safety of persons or of cattle, or of plants useful to agriculture.

## ARTICLE IV.

No other or higher duties or charges shall be imposed in the dominions and possessions of either of the high contracting parties on the exportation of any article to the dominions and possessions of the other, than such as are or may be payable on the exportation of the like article to any other foreign country; nor shall any prohibition be imposed on the exportation of any article from the dominions and possessions of either of the two high contracting parties to the dominions and possessions of the other, which shall not equally extend to the exportation of the like article to any other foreign country.

## ARTICLE V.

The subjects or citizens of each of the high contracting parties shall enjoy, in the dominions and possessions of the other, perfect equality of treatment with native subjects or citizens or subjects or citizens of the most favoured nation in all that relates to exemption from transit duties, warehousing, bounties, facilities, and drawbacks.

## ARTICLE VI.

All articles which are or may be legally imported into the ports of the dominions and possessions of His Britannic Majesty in British vessels may be imported into those ports in Nicaraguan vessels, without being liable to any other or higher duties or charges of whatever denomination than if such articles were imported in British vessels; and similarly all articles which are or may be legally imported into the ports of Nicaragua in Nicaraguan vessels may be imported into those ports in British vessels, without being liable to any other or higher duties or charges of whatever denomination than if such articles were imported in Nicaraguan vessels. Such equality of treatment shall take effect without distinction, whether such articles come directly from the place of origin or from any other place.

In the same manner, there shall be perfect equality of treatment in regard to exportation, so that the same export duties and railway charges shall be paid, and the same bounties and drawbacks allowed, in the dominions and possessions of either of the high contracting parties on any article intended for exportation which is or may be legally exported therefrom, whether such exportation shall take place in Nicaraguan or in British vessels, and whatever may be the place of destination, whether a port of either of the high contracting parties or of any third power.

## ARTICLE VII.

No duties of tonnage, harbour, pilotage, lighthouse, quarantine, or other similar or corresponding duties of whatever nature, or under whatever denomination, levied in the name or for the profit of government, public functionaries, private individuals, corporations, or establishments of any kind, shall be imposed in the ports of the dominions and possessions of either country upon the vessels of the other country, which shall not equally and under the same conditions be imposed in the like cases on national vessels in general. Such

## SESSIONAL PAPER No. 10a

equality of treatment shall apply to the respective vessels, from whatever port or place they may arrive, and whatever may be their place of destination.

## ARTICLE VIII.

In all that regards the stationing, loading, and unloading of vessels in the ports, basins, docks, roadsteads, harbours, or rivers of the dominions and possessions of the two countries, no privilege shall be granted to national vessels which shall not be equally granted to vessels of the other country; the intention of the high contracting parties being that in this respect also the respective vessels shall be treated on the footing of perfect equality.

## ARTICLE IX.

Any ship of war or merchant vessel of either of the high contracting parties which may be compelled by stress of weather, or by accident, to take shelter in the port of the other, shall be at liberty to refit therein, to procure all necessary stores, and to put to sea again, without paying any dues other than such as would be payable in a similar case by a national vessel. In case, however, the master of a merchant vessel should be under the necessity of disposing of a part of his merchandise in order to defray his expenses, he shall be bound to conform to the regulations and tariffs of the place to which he may have come.

If any ship of war or merchant vessel of one of the high contracting parties should run aground or be wrecked upon the coasts of the other, such ship or vessel, and all parts thereof, and all furniture and appurtenances belonging thereunto, and all goods and merchandise saved therefrom, including any which may have been cast into the sea, or the proceeds thereof if sold, as well as all papers found on board such stranded or wrecked ship or vessel, shall be given up to the owners or their agents when claimed by them. If there are no such owners or agents on the spot, then the same shall be delivered to the British or Nicaraguan consular officer in whose district the wreck or stranding may have taken place, upon being claimed by him within the period fixed by the laws of the country; and such consular officers, owners or agents shall pay only the expenses incurred in the preservation of the property, together with the salvage or other expenses which would have been payable in the like case of a wreck of a national vessel.

The goods and merchandise saved from the wreck shall be exempt from all duties of customs, unless cleared for consumption, in which case they shall pay the same rate of duty as if they had been imported in a national vessel.

In the case either of a vessel being driven in by stress of weather, run aground or wrecked, the respective consular officers shall, if the owner or master or other agent of the owner is not present or is present and requires it, be authorized to interpose in order to afford the necessary assistance to their fellow countrymen.

## ARTICLE X.

All vessels which, according to British law, are to be deemed British vessels, and all vessels which, according to Nicaraguan law, are to be deemed Nicaraguan vessels shall, for the purposes of this treaty, be deemed British and Nicaraguan vessels respectively.

## ARTICLE XI.

The high contracting parties agree that, in all matters relating to commerce, navigation, and industry, any privilege, favour, or immunity whatever which either high contracting party has actually granted or may hereafter grant to any other foreign state, shall be extended immediately and unconditionally to the subjects or citizens of the other contracting party; it being their intention that the commerce, navigation, and industry of each country shall be placed, in all respects, by the other on the footing of the most favoured nation.

6-7 EDWARD VII., A. 1907

## ARTICLE XII.

It shall be free to each of the high contracting parties to appoint Consuls-General, Consuls, Vice-Consuls, and Consular Agents to reside in the towns and ports of the dominions and possessions of the other. Such Consuls-General, Consuls, Vice-Consuls, and Consular Agents, however, shall not enter upon their functions until after they shall have been approved and admitted in the usual form by the government to which they are sent. They shall enjoy all the faculties, privileges, exemptions and immunities of every kind which are or shall be granted to consuls of the most favoured nation.

## ARTICLE XIII.

The subjects or citizens of each of the high contracting parties who shall conform to the laws of the country—

1. Shall have full liberty, with their families, to enter, travel, or reside in any part of the dominions and possessions of the other high contracting party.

2. They shall be permitted to hire or possess the houses, manufactories, warehouses, shops, and premises which may be necessary for them.

3. They may carry on their commerce either in person or by any agents whom they may think fit to employ.

4. They shall not be subject in respect of their persons or property, or in respect of passports or in respect of their commerce or industry, to any taxes, whether general or local, or to imposts or obligations of any kind whatever other or greater than those which are or may be imposed upon native subjects or citizens, or subjects or citizens of the most favoured nation.

## ARTICLE XIV.

The subjects or citizens of each of the high contracting parties in the dominions and possessions of the other shall be exempted from all compulsory military service whatever, whether in the army, navy, national guard, or militia. They shall be equally exempted from all judicial and municipal functions whatever other than those imposed by the laws relating to juries, as well as from all extraordinary war contributions, forced loans and every species of military requisitions or service. In all other cases their personal and real property cannot be subjected to other charges or imposts than those that may be or have been exacted from the subjects or citizens of the country or from subjects or citizens of the most favoured nation.

## ARTICLE XV.

The subjects or citizens of each of the high contracting parties in the dominions and possessions of the other shall be at full liberty to exercise civil rights, and therefore to acquire, possess, and dispose of every description of property, movable and immovable. They may acquire and transmit the same to others, whether by purchase, sale, donation, exchange, marriage, testament, succession *ab intestato*, and in any other manner, under the same conditions as national subjects or citizens. Their heirs may succeed to and take possession of it, either in person or by procurators, in the same legal forms and in the same manner as subjects or citizens of the country.

In none of these respects shall they pay upon the value of such property any other or higher impost, duty, or charge than is or shall be payable by subjects or citizens of the country. In every case the subjects or citizens of the high contracting parties shall be permitted to export their property, or the proceeds thereof if sold, freely and without being subjected on such exportation to pay any duty different from that to which subjects or citizens of the country are or shall be liable under similar circumstances.

## SESSIONAL PAPER No. 10a

## ARTICLE XVI.

The dwellings, manufactories, warehouses, and shops of the subjects or citizens of each of the high contracting parties in the dominions and possessions of the other, and all premises appertaining thereto destined for purposes of residence or commerce, shall be respected.

It shall not be allowable to make a search of, or a domiciliary visit to, such dwellings and premises or to examine or inspect books, papers or accounts except under the conditions and with the forms prescribed by the laws for subjects or citizens of the country, or of the most favoured nation.

The subjects or citizens of each of the two high contracting parties in the dominions and possessions of the other shall have free access to the courts of justice for the prosecution and defence of their rights, without other conditions, restrictions, or taxes beyond those imposed on native subjects or citizens; they shall enjoy the same treatment as native subjects or citizens in all that concerns deposits, sureties, and fees in legal cases, and shall in the same manner as native subjects or citizens, be at liberty to employ, in all causes, their advocates, attorneys, or agents from among the persons admitted to the exercise of those professions according to the laws of the country.

## ARTICLE XVII.

The subjects or citizens of each of the high contracting parties shall have in the dominions and possessions of the other, the same rights as native subjects or citizens in regard to patents for inventions, trademarks, and designs, upon fulfilment of the formalities prescribed by law.

## ARTICLE XVIII.

The seizure may also be effected in the State where the false indication of origin has been applied, or in that into which the goods bearing the false indication may have been imported. The seizure shall be effected either at the request of the proper government department or of an interested party, whether an individual or a society, in conformity with the domestic legislation of each state, but the authorities are not bound to effect the seizure of goods in transit.

The tribunals of each country shall decide what appellations, on account of their generic character, do not fall within the provisions of the present article.

## ARTICLE XIX.

The Consuls-General, Consuls, Vice-Consuls, and Consular Agents of each of the high contracting parties, residing in the dominions and possessions of the other, shall receive from the local authorities such assistance as can by law be given to them for the recovery of deserters from the vessels of their respective countries.

## ARTICLE XX.

The stipulations of the present treaty shall not be applicable to any of His Britannic Majesty's colonies or possessions beyond the seas unless notice to that effect shall have been given, on behalf of any such colony or possession, by His Britannic Majesty's representative in the republic of Nicaragua to the Nicaraguan Minister for Foreign Affairs, within one year from the date of the exchange of the ratifications of the present treaty.

6-7 EDWARD VII., A. 1907

It is understood that, under the provisions of this Article, His Majesty's Government can, in the same manner, give notice of adhesion on behalf of any British protectorate or sphere of influence, or on behalf of the Island of Cyprus, in virtue of the convention of the fourth of June, eighteen hundred and seventy-eight, between Great Britain and Turkey.

## ARTICLE XXI.

The present treaty shall come into effect ten days after the day upon which the ratifications are exchanged, and shall remain in force for ten years after such exchange. In case neither of the high contracting parties shall have given notice to the other twelve months before the expiration of the said period of ten years of the intention to terminate the present treaty, it shall remain in force until the expiration of one year from the day on which either of the high contracting parties shall have given such notice.

His Britannic Majesty's Government shall also have the right to terminate separately the present treaty at any time on giving twelve month's notice to that effect, on behalf of any British colony, possession, or dependency, as specified in article XX, which may have acceded thereto.

It is declared that in all cases in which the provisions of the said treaty grant treatment of the most favoured nation, the terms shall not be held to include the Central American Republics.

## II.

It is declared that the stipulations in article II of the said treaty, with respect to the port of San Juan del Norte, are permanent.

## III.

## CONVENTION BETWEEN GREAT BRITAIN AND ROUMANIA.

SIGNED AT BUCHAREST, OCTOBER 31, 1905.

*[Ratifications exchanged at Bucharest, March 17, 1906.]*

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, and His Majesty the King of Roumania, being desirous to extend and facilitate the relations of commerce already existing between the two countries, have determined to conclude a new treaty with this object, and have appointed as their Plenipotentiaries, that is to say:—

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, Sir John Gordon Kennedy, His Britannic Majesty's Envoy Extraordinary and Minister Plenipotentiary to His Majesty the King of Roumania, Knight Commander of the Most Distinguished Order of Saint Michael and Saint George; Herbert Llewellyn Smith, Esquire, Comptroller-General of the Commercial, Labour, and Statistical Department of the Board of Trade, Companion of the Most Honourable Order of the Bath; and John Francis Charles, Count de Salis, a First Secretary in His Britannic Majesty's Diplomatic Service; and His Majesty the King of Roumania, General Jacob Lahovary, his Minister for Foreign Affairs, Grand Cross of the Order of the Crown of Roumania, Grand Officer of the Order of the Star of Roumania, &c.; who, after having communicated to each other their full powers, found in good and due form, have agreed upon the following Articles:—

## ARTICLE I.

There shall be between the territories of the two contracting parties reciprocal freedom of commerce and navigation.

The subjects of each of the two contracting parties shall have liberty freely to come, with their ships and cargoes, to all places and ports in the territories of the other to which native subjects are or may be permitted to come, and shall enjoy the same rights, privileges, liberties, favours, immunities, and exemptions in matters of commerce and navigation as are or may be enjoyed by native subjects.

The subjects of each of the contracting parties shall not be subject in respect of their persons or property, or in respect of their commerce or industry, to any taxes, whether general or local, or to imposts or obligations of any kind whatever other or greater than those which are or may be imposed upon native subjects, or subjects or citizens of the most favoured nation.

## ARTICLE II.

The contracting parties agree that, in all matters relating to commerce, navigation, and industry, any privilege, favour or immunity which either contracting party has actually granted, or may hereafter grant, to the subjects or citizens of any other foreign State, shall be extended immediately and unconditionally to the subjects of the other; it being their intention that the commerce, navigation, and industry of each Country shall be placed, in all respects, on the footing of the most favoured nation.

## ARTICLE III.

The subjects of each of the contracting parties in the territories of the other, shall be at full liberty to acquire and possess every description of property, movable and immovable

## SESSIONAL PAPER No. 10a

which the laws of the Country permit or shall permit the subjects or citizens of any other foreign country to acquire and possess. They may dispose of the same by sale, exchange, gift, marriage, testament, or in any other manner, or acquire the same by inheritance under the same conditions which are or shall be established with regard to the subjects or citizens of any other foreign Country. They shall not be subjected in any of the cases mentioned to any taxes, imposts, or charges of whatever denomination other or higher than those which are or shall be applicable to native subjects.

The subjects of each of the contracting parties shall also be permitted, on compliance with the laws of the Country, freely to export the proceeds of the sale of their property and their goods in general, without being subjected as foreigners to other or higher duties than those to which subjects of the Country would be liable under similar circumstances.

They shall, on compliance with the laws of the country, have free access to the courts of justice, either for the prosecution or for the defence of their rights, and in this respect they shall enjoy all privileges and immunities of native subjects; and in the same manner as these they shall be at liberty to employ in all causes advocates and agents of all kinds, authorized by the laws of the Country.

## ARTICLE IV.

The subjects of each of the contracting parties in the territories of the other shall be exempted from all compulsory military service whatever, whether in the army, navy, national guard, or militia. They shall be equally exempted from all judicial, administrative, and municipal functions whatever, other than those imposed by the laws relating to juries and guardianship, as well as from all contributions whether pecuniary or in kind, imposed as an equivalent for personal service, and finally from any military exaction or requisition. The charges connected with the possession, by any title, of landed property are however excepted, as well as compulsory billeting, and other special military exactions or requisitions, to which all subjects of the Country may be liable as owners or occupiers or real property.

In the above respects the subjects of each of the contracting parties shall not be accorded, in the territories of the other, less favourable treatment than that which is or may be accorded to subjects or citizens of the most favoured nation.

## ARTICLE V.

The articles, the produce or manufacture of one of the contracting parties, imported into the territories of the other, from whatever place arriving, shall not be subject to other or higher duties or charges than those paid on the like articles, the produce or manufacture of any other foreign Country. Nor shall any prohibition or restriction be maintained or imposed on the importation of any article, the produce or manufacture of either of the contracting parties, into the territories of the other, from whatever place arriving, which shall not equally extend to the importation of the like articles being the produce or manufacture of any other foreign Country.

The only exceptions to this general rule shall be in the case of the sanitary or other prohibitions occasioned by the necessity of securing the safety of persons or of cattle, or of plants useful to agriculture, and of the measures applicable in either of the two countries to articles enjoying a direct or indirect bounty in the other.

The merchandise, the produce or manufacture of the United Kingdom enumerated in the tariff annexed to this treaty, shall not, on importation into Roumania, be subjected to higher or other duties than those mentioned in the said tariff.

## ARTICLE VI.

The articles, the produce or manufacture of one of the contracting parties, exported to the territories of the other shall not be subjected to other or higher charges than those paid on the like articles exported to another foreign country. Nor shall any prohibition

6-7 EDWARD VII., A. 1907

be imposed on the exportation of any article from the territories of either of the two contracting parties to the territories of the other which shall not equally extend to the exportation of the like article to any foreign Country.

## ARTICLE VII.

Merchandise of all kinds, the produce or manufacture of one of the contracting parties, passing in transit through the territories of the other shall be reciprocally free from all transit duties, whether they pass direct or whether during transit they are unloaded, warehoused, and reloaded.

## ARTICLE VIII.

No internal duties levied for the benefit of the state, local authorities, or corporations, which affect or may affect the production, manufacture or consumption of any article in the territories of either of the contracting parties, shall for any reason be a higher or more burdensome charge on articles the produce or manufacture of the other than on similar articles of native origin.

The produce or manufacture of either of the contracting parties, imported into the territories of the other, and intended for warehousing or transit, shall not be subjected to any internal duty.

## ARTICLE IX.

Each of the contracting parties shall permit the importation or exportation on the vessels of the other of all merchandise which may be legally imported or exported; and such vessels and their cargoes shall enjoy the same privileges, and shall not be subjected to any other or higher duties or charges than national vessels and their cargoes.

## ARTICLE X.

The provisions of this treaty relating to the mutual concession of national treatment in matters of navigation do not apply to fisheries or to the coasting trade, in respect of which the subjects and vessels of the contracting parties shall enjoy most-favoured-nation treatment.

British and Roumanian vessels may nevertheless proceed from one port to another either for the purpose of discharging the whole or part of their cargoes brought from abroad, or of taking on board the whole or part of their cargoes for a foreign destination.

## ARTICLE XI.

In all that regards the stationing, loading, and unloading of vessels in the ports, docks, roadsteads, and harbours of the territories of the contracting parties, no privilege shall be granted to national vessels which shall not be equally granted to vessels of the other country; the intention of the contracting parties being that, in this respect also, their vessels shall be treated on the footing of perfect equality.

## ARTICLE XII.

No duties of tonnage, harbour, pilotage, lighthouse, quarantine or other analogous duties of whatever nature, or under whatever denomination, levied in the name or for the profit of the government, private individuals, corporations or establishments of any kind, shall be imposed in the ports of the territories of either of the contracting parties upon the vessels of the other Country, which shall not equally and under the same conditions be

## SESSIONAL PAPER No. 10a

imposed in the like cases on national vessels in general. Such equality of treatment shall apply to the respective vessels, from whatever port or place they may arrive, and whatever may be their destination.

## ARTICLE XIII.

Any merchant vessel of either of the contracting parties, which may be compelled by stress of weather or by accident to take shelter in a port of the other, shall be at liberty to refit therein, to procure all necessary stores, and to put to sea again, without paying any dues other than such as would be payable in a similar case by a national vessel. In case, however, the master of a merchant vessel should be under the necessity of disposing of a part of his merchandise in order to defray his expenses, he shall be bound to conform to the regulations and tariffs of the place to which he may have come.

If any vessel of one of the contracting parties should run aground or be wrecked upon the coasts of the other, such vessel shall enjoy, both as regards the hull and the cargo, the privileges and immunities which the legislation of each of the Countries accords to its own vessels in similar circumstances. Every assistance shall be afforded to the master and the crew, both as regards their persons and the vessel and its cargo.

Salvage operations shall take place in conformity with the laws of the Country. Nevertheless, the respective consuls or consular agents shall be allowed to superintend the operations relative to repair or revictualling, or the sale, if necessary, of the vessels run aground or wrecked on the coast.

Everything saved from the vessel and cargo, or the proceeds of their sale, shall be restored to the owners or their agents, and no expenses of salvage shall be paid higher than those to which native subjects would be subject in similar cases.

The contracting parties agree, moreover, that merchandise saved shall not be subjected to the payment of any customs duty unless destined for internal consumption.

## ARTICLE XIV.

All vessels which, according to British law, are to be deemed British vessels, and all vessels which, according to Roumanian law, are to be deemed Roumanian vessels, shall, for the purposes of this treaty, be deemed British or Roumanian vessels respectively.

## ARTICLE XV.

The consuls and consular agents of each of the contracting parties, residing in the territories, of the other shall receive from the local authorities such assistance as can by law be given to them for the recovery of deserters from the vessels of their respective Countries.

## ARTICLE XVI.

The contracting parties reserve to themselves the right of introducing into the present treaty subsequently and by common accord such modifications as may be deemed to be in conformity with its spirit and principles, and the desirability of which may have been proved by experience.

## ARTICLE XVII.

The stipulations of the present treaty shall not be applicable to any of His Britannic Majesty's colonies, possessions or protectorates beyond the seas unless notice of adhesion shall have been given, on behalf of any such colony, possession or protectorate by His Britannic Majesty's representative at the court of His Majesty the King of Roumania, before the expiration of one year from the date of the exchange of the ratifications of the present treaty.

6-7 EDWARD VII., A. 1907

Nevertheless, the goods produced or manufactured in any of His Britannic Majesty's colonies, possessions and protectorates shall enjoy in Roumania complete and unconditional most-favoured-nation treatment, so long as such colony, possession or protectorate shall accord to goods the produce or manufacture of Roumania treatment as favourable as it gives to the produce or manufacture of any other foreign country. In such cases the colony, possession or protectorate concerned shall communicate its intention in accordance with the procedure mentioned above.

## ARTICLE XVIII.

The present treaty shall be ratified and the ratifications shall be exchanged at Bucharest as soon as possible.

It shall come into force at a date to be agreed upon, which shall not be later than the 16th February (1st March), 1906; from the date of its coming into force, the convention of the 1st (13th) August, 1892, shall cease to have effect.

The present treaty shall be binding during four years from the day of its coming into force. In case neither of the contracting parties shall have given notice to the other twelve months before the expiration of the said period of four years of the intention to terminate the present treaty, it shall remain in force until the expiration of one year from the day on which either of the contracting parties shall have denounced it.

As regards, however, the British colonies, possessions and protectorates which may have adhered to the present treaty in virtue of Article 17, either of the contracting parties shall have the right to terminate it separately at any time on giving twelve months' notice to that effect.

It is understood that the stipulations of the present and of the preceding Article referring to British colonies, possessions or protectorates apply also to the Island of Cyprus.

In witness whereof the respective Plenipotentiaries have signed the present treaty, and have affixed thereto their seals.

## DECLARATION.

At the time of signing the treaty of commerce concluded this day, the undersigned have agreed as follows:—

Nothing contained in the treaty signed this day shall be held to derogate from the special laws, ordinances and regulations relating to matters of police and public security, or to the encouragement of national industry, in force in either of the contracting States and applicable to all foreigners alike; or from the reservation in favour of native subjects of the exercise of certain trades or professions in conformity with the laws of the two countries; or from the favours which may be accorded to adjoining States to facilitate local traffic within a zone not exceeding 15 kilom. broad on each side of the frontier.

The provisions of this treaty for the mutual concession of most-favoured-nation treatment apply fully to the treatment of commercial travellers and their samples:

It is agreed that the Chambers of Commerce of the United Kingdom shall be recognized in Roumania as competent authorities for granting the certificates required for commercial travellers of the United Kingdom.

It is agreed that, in the event of the Government of India adhering to the present treaty, Roumanian subjects in India, including the territories under British suzerainty, shall not be accorded any other or greater rights or privileges than those enjoyed by European British subjects.

J. G. KENNEDY.

H. LLEWELLYN SMITH.

J. DE SALIS.

GENERAL J. LAHOVARY.

NOTE.—Under an Order in Council of date January 19, 1907, the Government of Canada declined to become a party to the above convention.
